

29th International Symposium on Free Radicals

Big Sky, Montana, USA, August 12-17, 2007

<http://www.freeradicalssymposium.org>

Scientific Program

- Spectroscopy and structure of free radicals
- Chemical kinetics and reaction dynamics
- Molecular ions and molecules in excited states
- Free radicals in atmospheric and combustion chemistry
- Interstellar spectra and chemical processes
- New spectroscopic techniques

Local Organizing Committee

Chair: R. E. Continetti (UC - San Diego)

Co-Chair: T. K. Minton (Montana State)

A. L. Cooksy (San Diego State)

M. Okumura (Caltech)

D. L. Osborn (Sandia Nat. Lab.)

A. Sinha (UC - San Diego)

J. Zhang (UC - Riverside)
